

Cocktail Platter Menu

As a guide, one platter will cater to approximately 6-8 guests as a dinner replacement, or 8-10 guests as light nibbles. Please consider this when deciding how many platters you would like.

All platters are made up of a combination of the items listed for each. You are welcome to 'mix and match', however this may alter the cost of the platter. Please ensure you have your selections to us one week before your function.
